Vehicles parked on District property are under the jurisdiction of the District. The District assumes no responsibility or liability for loss or damage to vehicles. All vehicles should be driven below ten miles per hour and in a safe and non-disruptive manner while on or near campus.

Parking

Parking on district property is a privilege and not a right. The goal of Sherwood High School's parking system is to provide a safer, better-organized parking lot for students and develop a stronger sense of personal responsibility..

Parking Permits

Student drivers are required to purchase a parking permit at the beginning of the school year. Students who gain access to a vehicle during the school year may apply for a permit at that time. Sherwood High School will only issue a number of parking permits equal to the number of available student spots. If the number of requests for parking permits exceeds the number of permits available, a student will not be granted a permit and will be placed on the waitlist. Permits will be sold on a first come - first serve basis, starting with seniors and then juniors. Parking Permits are non-transferrable. Copying or loaning permits is strictly prohibited.

Students must present the following items to the office in order to receive a parking permit, and must be current on their career credit and all outstanding fees/fines must be paid in full:

1. Copy of valid driver's license
2. Complete the above information and sign the back of this form
3. A non-refundable \$40 parking permit fee
